Head of Section**

Job Id: **263.11-003251-2**
Certificate No: **AMT000006G**

Approval basis

Product categories:

- welded pressure vessels
- welding of piping systems

Activity categories:

- production of pressure equipment (DNV GL-CP-0261)
- welding of pressure equipment (DNV GL-CP-0352)
- non-destructive testing (subcontracted to accredited external company)

For non-destructive tests pertaining to pressure equipment class I and II, the procedure and requirements stipulated in specific class guidance DNV GL-CG-0051 & DNV GL Pt.4 Ch.7 Sec.7 [4] shall be applied.

Approval documentation

DNV GL surveyors checklist and related documents for:

- initial approval of pressure equipment manufacturers (CP-0261), dated 2017-06-20
- welding workshop qualification record, dated 2017-06-20
- renewal of GL welding workshop approval with certificate no. WF 1410066 HH
- renewal of DNV manufacturer approval with certificate no. T-1540 (job. no. 263.11-003251-1)

Certificate Retention Survey

The AoM certificate is valid for three years with no intermediate assessment unless otherwise requested by the Society. Application for renewal should be made not later than three months before the expiry date of the certificate.

Manufacturer shall invite the Society's surveyor for renewal survey in order to revisit the critical manufacturing steps and to verify that the approved conditions are maintained.

During the survey the manufacturer shall provide evidence that the applicable versions of relevant rules, standards and approval programs are applied, and that all requirements given therein are implemented
